Exhibitor Management Module

Complete Tradeshow Management

Managing a tradeshow can be an overwhelming task for any conference planner. Fortunately, Ai's Exhibitor Management Module is the most flexible and comprehensive tool on the market today. By utilizing this tool, the management of the entire tradeshow experience can be done in one place.

Exhibitor Management

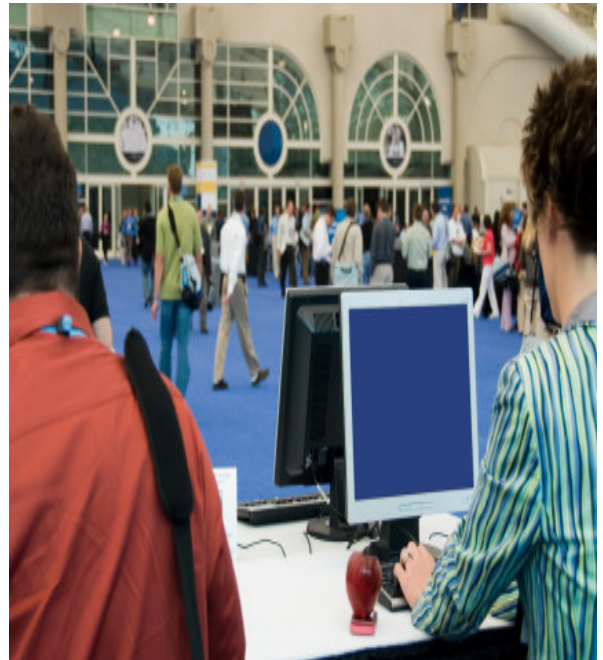

The Exhibitor Management Module provides tradeshow managers an on-line solution that effectively communicates with all exhibitors participating in their conference. By creating a customized look that matches your own conference website the module provides exhibitors access to the "Exhibitors Only" portion of the website. From there exhibitors can log in to their personalized "Ready Room" to manage and edit their own profile and submit required forms and materials.

User Benefits

- Access via secure log in to company profile to update company information, complete online electronic forms, and register booth staff
- Upload company logos, banner ads, or other images
- Upload a brochure to a company's profile
- Purchase booth space and staff registrations

Client Benefits

- Allow exhibitors to update and manage their own profiles
- Create required electronic forms and place them in exhibitor's Ready Rooms
- Use built-in communication tools
- Create categories to be used when searching for exhibitors
- Collect evaluations and surveys
- Post exhibitors profile online
- Control staff allotments
